*Manufactured from  
Advanced Screen Printing Process*

**ASP-EL-LS Series  
Contact us for more  
information**

*One Step Closer to....  
Printable & Flexible  
Electronics*

**Flexible EL light sources are available in many shapes and sizes. They are very thin, flexible, and lightweight, and are customized to your needs. DKN Research can assist in designing flexible light sources with suitable power sources.**

- The color choices are blue, green and pink...Contact us for your specific color needs!
- The standard screen printing process is capable to produce 300mm x 400mm panel sizes.
- Double sided adhesive tape can be applied to the backside of the panel so it can hang from flat walls, or columns.

**Please feel free to contact DKN Research for more information.**
